Attendees will have an opportunity to obtain corporate updates from the premier Canadian publicly traded and private companies through presentations and private meetings.

### **About CareRx Corporation**

CareRx is Canada's leading provider of pharmacy services to seniors living communities. We serve approximately 91,000 residents in over 1,500 seniors and other congregate care communities (long-term care homes, retirement homes, assisted living facilities, and group homes). We are a national organization with a large network of pharmacy fulfillment centres strategically located across the country. This allows us to deliver medications in a timely and cost-effective manner and quickly respond to routine changes in medication management. We use best-in-class technology that automates the preparation and verification of multi-dose compliance packaging of medication, providing the highest levels of safety and adherence for individuals with complex medication regimens. We take an active role in working with our home operator partners to promote resident health, staff education, and medication system quality and efficiency.
